Provision of information

Each month country management provides the EB with up to date operational and financial information.

The shareholders are informed regularly about the state of affairs.

Gender balance

A temporary provision in the Management and Supervision (Public and Private Companies) Act requires that large enterprises must balance the appointment of men and women or explain why there is no equilibrium and what measures the organisation intends to take to improve the balance.

At Q-Park, the EB members are men. The appointments are therefore not evenly distributed across the genders. We aim to reach at least 30% representation of women gender equality in our board(s) and our top senior leaders in our graduate recruitment.
